Invitation

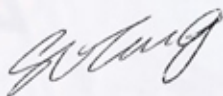

Dear Colleagues,

On behalf of the Organizing Committee, it is my pleasure to invite you to attend the **Hong Kong Society of Biological Psychiatry Conference 2006**, the first scientific meeting hosted by the Society.

The Hong Kong Society of Biological Psychiatry (HKSBP) is a new member of the World Federation of Societies of Biological Psychiatry (WFSBP). The Society was established by a group of Hong Kong psychiatrists who are interested in the biological aspects of psychiatry, an area where many exciting discoveries were made in the recent years. Through organizing local or regional scientific meetings and participation at international meetings, we aim to advance our knowledge in this area of psychiatry and improve our skills in caring for our patients. With Hong Kong being the historical gateway to greater China and a favorite East-West contact point, our Society stands a great advantage to bring Chinese biological psychiatry to the world stage.

The presence of many famous international speakers and Hong Kong speakers at this inaugural meeting of the Society signifies the first important step for Hong Kong to become an important member of the international biological psychiatry community.

We welcome you to Hong Kong and look forward to your active participation in our Society's first scientific meeting.

Prof. Siu-Wa TANG
President
Hong Kong Society of Biological Psychiatry

Call for Abstracts

The Scientific Committee invites authors to submit abstracts for oral or poster presentation. Submitted abstracts will be considered by the Scientific Committee for inclusion in the conference programme.

Abstracts must be submitted online at www.hksbp.org. Please note that only electronic submissions will be accepted. In case you do not have any internet access, please contact the Conference Secretariat.

Important Dates

Deadline for Abstract Submission:	10 September 2006
Notification of Acceptance:	Before 20 September 2006
Registration Deadline for Presenting Author:	30 September 2006

General Policies

1. Abstracts must be relevant to the field of biological psychiatry and should preferably contain original methodology or data.
2. Authors can submit more than one abstract.
3. Abstracts must be submitted in English.
4. Word limit is 250 words.
5. Upon submission, an immediate confirmation will be shown in browser, authors are required to print it and keep as their own record. Please contact the Secretariat if you do not receive the confirmation.
6. Abstracts will be reviewed by panel of experts. An abstract may be selected for oral or poster presentation, or be rejected.
7. Notifications of acceptance will be sent to presenting authors before 20 September 2006. Details of the presentation format will be included in the notification.
8. Presenting authors of the abstracts (either oral or poster) are required to register and pay the registration fee. Failure to do so will result in exclusion from the final programme.
